FEATURES

- Built-in low noise and high torque motor, running only 30dB, quiet and smooth.
- Simple and convenient installation, practical and beautiful.
- With diamond screen to prevent mosquitoes and insects from entering.
- High sealing automotive-grade adhesive tape and spraying process strengthen the structure, enhance the watertight, thermal insulation and energy-saving performance.

OPENING METHOD	Vertical upward elevation,opening height 200mm	
PROCESSING TECHNOLOGY	● Seamless welding	● Electrostatic powder treatment
SMART CONFIGURATION	● SUNRAY silent safety motor	● Smart Home Compatible
	● Wireless remote control	● Automotive grade sealant tape
	● Patented Control System	● Retractable Screen
	● Rain Induction	
ALUMINUM PROFILE	● 6063-T5 ALUMINUM PROFILE	
GLASS CONFIGURATION	● Insulated Glass	○ Laminated Glass
	○ Central Control Laminated Glass	

● Means standard ○ Means optional

⑩ Motor pads

⑪ Push rod motors

Product Exploded View

Dismantle the core of each door and window,
integrate safety, energy saving and intelligence
and reshape comfortable space

Intelligent control system

One-touch control to open and close your skylight, easy operation even in high or hard-to-reach places.

Natural ventilation

Efficient ventilation design ensures smooth air flow, bringing you a fresh and healthy living experience all day long.

Leisure time is the most precious moment of the day, Don't let dim light weaken this tranquility and joy.

Let the sun in easily

The electric rising skylight with ultra-high light transmittance provides sufficient natural light, reduces the use of artificial lighting and saves household energy.

Sunray Silent Safety Motor

- High performance permanent magnet DC motor
- Aluminum anode inner and outer tubes
- Input voltage 24VDC
- Maximum load 3500N
- Built-in limit switch
- With self-locking function
- Protection class IP66
- DUTY CYCLE:25%.
- Ambient temperature:-40°C~+65°C
- Low noise45dB/3800RPM

Diamond gauze

The fine mesh allows you to enjoy fresh air and stay away from mosquitoes, making your home a warmer and more comfortable haven.

High-strength stainless steel hinges

- Corrosion-resistant, wear-resistant, no need to worry about high-frequency switching.
- Four hinges design, reasonable load distribution, maximum load-bearing capacity 50kg
- Equipped with shock-absorbing devices and low-noise technology, the sunroof operates more smoothly while reducing noise interference.

Tensile Resistant Composite Rubber Strip

- Self-developed matching sealing strip.
- Resists 2800Pa pressure, strong enough for 12-level typhoons.
- Features superior weather and aging resistance against UV, humidity and extreme temperatures.

Three layer System waterproof,Closed Protection

Wireless rain sensor

Wind, light and rain sensor

Solar Rain Sensor

Optional rain sensor

The smart rain sensor senses weather changes in real time and automatically closes windows to protect your home from rain, easily and conveniently.
